Subject Teacher ➔ *MRS. Nidhi*

QUS 1 ➜ Given a txt where each row contains the name pf a city and its state seprated by a comma, your task is to restricted the file in such a way, that three consecutative rows are foldedinto one, and separated by tab. In this challenge, we practice using the uniq command to eliminate consecutive repitations of a line when a txt file is piped through it.
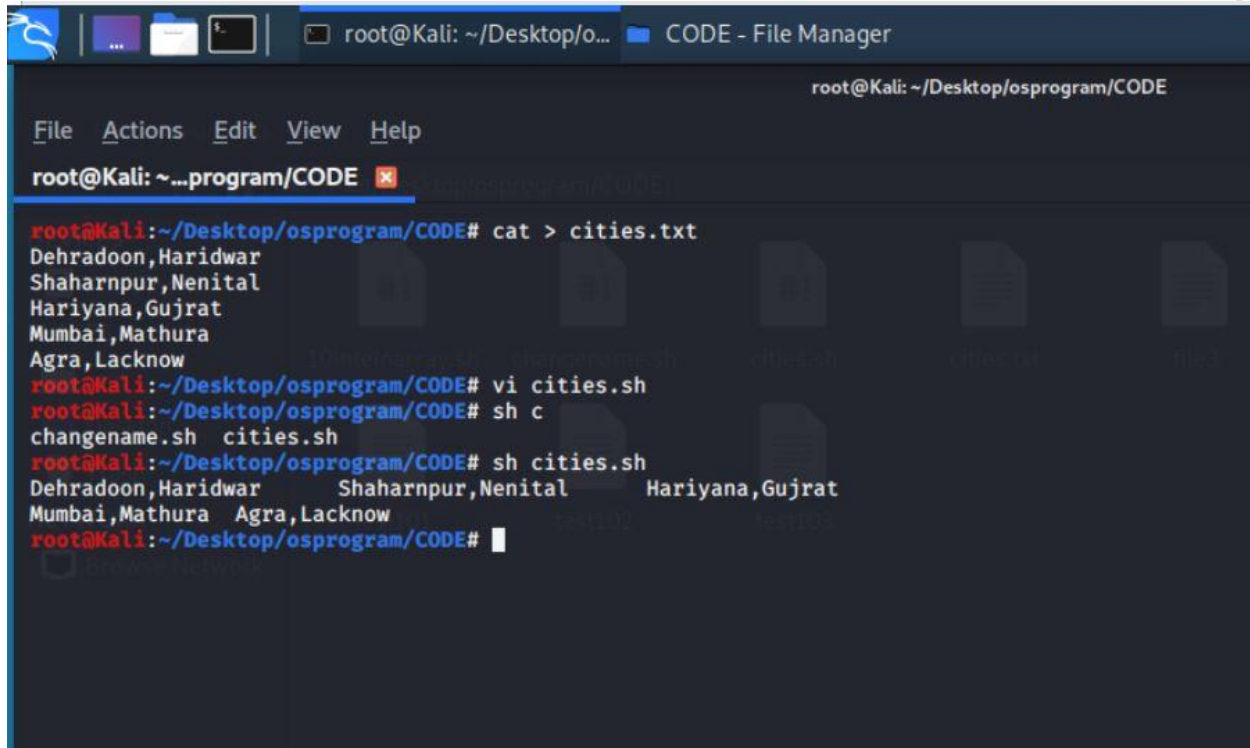

CODE ➜

========

```
cat cities.txt | uniq | paste - - -
```

OUTPUT ➤

==========

```
root@Kali:~/Desktop/osprogram/CODE# cat > cities.txt
Dehradoon,Haridwar
Shaharnpur,Nenital
Hariyana,Gujrat
Mumbai,Mathura
Agra,Lacknow
root@Kali:~/Desktop/osprogram/CODE# vi cities.sh
root@Kali:~/Desktop/osprogram/CODE# sh c
changename.sh  cities.sh
root@Kali:~/Desktop/osprogram/CODE# sh cities.sh
Dehradoon,Haridwar       Shaharnpur,Nenital       Hariyana,Gujrat
Mumbai,Mathura  Agra,Lacknow
